The PAYNET Program

Begun by FSCNY in 1994, PAYNET Programs today are administered by a value-added network of check cashers in three states – New York, New Jersey and Connecticut. Our check cashers have served their respective communities for over fifty years and are widely recognized for their professionalism and complete integrity.

PAYNET locations provide a multitude of transaction-based financial services. In addition to check cashing, customers can purchase money orders, send and receive money transfers, and pay bills such as telephone, gas, electric, and cable. Postage stamps, phone cards, transportation fare cards, and state lottery ticketing are also available at select locations.

PAYNET represents an attractive alternative for financial institutions to accommodate the payroll needs of their customers. By outsourcing payroll check cashing through the PAYNET Payroll Network, you can offer employers a fast, reliable and secure method for their employees to cash their paychecks at locations close to home, work or anywhere in between.

In addition, while ATMs have a daily cash withdrawal limit, PAYNET Centers have no withdrawal limit and unlike an ATM, employees can perform their transactions with our live, knowledgeable tellers.
